

The Doll Street Journal

Summer 2010

LEAD TIME REDUCED!

As of July 1 our lead time has been reduced to an estimated 8 weeks! Because of this development we will no longer be taking deposits on orders and charging the balance later. The full amount of the doll will be charged when you place your order, and pre-production will start immediately!

We will continue to offer the \$150 discount for paying in full with a check or money order.

This lead time reduction applies to all dolls (including the Wicked RealDolls).

We are also introducing the brand new RealDoll Express option! For \$500 extra your doll is guaranteed to be manufactured and shipped within 4 weeks from receipt of payment. If your order doesn't leave Abyss Creations within those 4 weeks we will refund you the Express charge.

NEW PRODUCTS

We are pleased to introduce our new line of fun-colored RealCocks – the ColorCock! Available in your choice of 10 colors, the ColorCocks are made from the same high-quality silicone as our standard RealCock but due to the new colors do not feature the airbrushed detail the RealCocks have. Our introductory price is only \$39.99 – get yours today!

The ten shades of ColorCocks.

LAILA

Our newest face in the RD2 lineup is our exotic beauty, Laila! Laila is the first in a series of ethnic faces we will be releasing for RD2 over the next few months. We are currently developing a Latina face as well as an African face. We will be creating galleries featuring these new faces as they become available, so keep checking our website periodically for updates!

MASTERPIECE EYES

Coming soon, a new option of upgraded eyes for your dolls! These beautiful, handcrafted eyes are made of silicone and specially created for RealDoll by the wonderful people at Masterpiece eyes. The standard Masterpiece eyes available at their website are flat discs that offer no range of motion and don't fill the eye socket. Our custom created ones are full rounds that do fill the eye socket and can be positioned like our regular Glastic eyes. These gorgeous Masterpiece eyes are available in a stunning choice of 65 colors, and are \$80 per pair. These will be added to our website shortly, so check back soon, or email us for the full color list. Shown below are five of the available colors.

Masterpiece eyes in Blue Star, Liquid Ebony, Peacock, Smoky Topaz, and Winter Gray.

If you wish to buy the Kaylani Lei doll that has not yet been released, send us an email during the month of July and we will reserve a Kaylani doll in your name at the special price. When she is released for purchase, payment will be due in full to take advantage of the sale price. If payment cannot be made in full, the \$500 discount will not apply.

GENERAL NEWS UPDATES

Starting July 1, all female flatback torsos will now come with the head kit standard. Faces are still sold separately for \$500 each. When ordering a face for your flatback, don't forget the wig! Wigs are not included in the price of the face.

We pride ourselves on having a wide selection of wigs to choose from to fit the varied tastes of all our customers. However, we understand that there are times when you may want a very specific hairstyle for your doll. For those times, we are now offering a custom wig match option! Just send us a photograph of the style you want (and make sure to tell us what color you want it in) and we will source a match for you. Custom matched wigs will cost \$100 (standard wigs are \$75 each). Please note that this offer only applies to synthetic wigs (no human hair wigs) and we cannot guarantee an exact match. In the event an exact match cannot be found, we will email you photos of similar wigs and allow you to choose the one you like best.
